MEMORANDUM FOR: Chief, Security Staff, OSA

25X1A2g

SUBJECT: 25X1X7 Revised Security/Cover Program
for Training [REDACTED] at
Detachment G

REFERENCE: Memo from C/SS/OSA dtd 9 Sep 68;
Same Subject (IDEA 0582-68)

1. The following are Deputy for Operations' comments/recommendations pertaining to revised Attachment I to Proj Hqs Directive 50-10-25, "Security/Cover Program for Training [REDACTED] at Detachment G."

25X1X7

a. Ref Para 2a: Suggest the "existing procedures" for use of U. S. Air Force invitational orders be spelled out. Doing this would preclude the inevitable exchange of messages between Proj Hqs and Detachment H each time [REDACTED] travel to the ZI for training.

25X1X7

b. Ref Para 4a: Suggest the word "refusal" be changed to "reluctance."

c. Ref Para 5b: Suggest following wording be substituted in place of existing sentence. "While at Detachment G, [REDACTED] pilot personnel will not wear [REDACTED] at any time."

25X1X7

25X1X7

d. Ref Para 4: It appears no provision was made in this draft for military personnel now assigned to Project Headquarters who were previously assigned to one of the Detachments prior to implementation of the present policy. If necessary, do we now surface these people as USAF personnel or do we continue with their previous cover?
